UB-04 NOTICE: THE SUBMITTER OF THIS FORM UNDERSTANDS THAT MISREPRESENTATION OR FALSIFICATION OF ESSENTIAL INFORMATION AS REQUESTED BY THIS FORM, MAY SERVE AS THE BASIS FOR CIVIL MONETARTY PENALTIES AND ASSESSMENTS AND MAY UPON CONVICTION INCLUDE FINES AND/OR IMPRISONMENT UNDER FEDERAL AND/OR STATE LAW(S).

Submission of this claim constitutes certification that the billing information as shown on the face hereof is true, accurate and complete. That the submitter did not knowingly or recklessly disregard or misrepresent or conceal material facts. The following certifications or verifications apply where pertinent to this Bill:

1. If third party benefits are indicated, the appropriate assignments by the insured /beneficiary and signature of the patient or parent or a legal guardian covering authorization to release information are on file. Determinations as to the release of medical and financial information should be guided by the patient or the patient's legal representative.
2. If patient occupied a private room or required private nursing for medical necessity, any required certifications are on file.
3. Physician's certifications and re-certifications, if required by contract or Federal regulations, are on file.
4. For Religious Non-Medical facilities, verifications and if necessary re-certifications of the patient's need for services are on file.
5. Signature of patient or his representative on certifications, authorization to release information, and payment request, as required by Federal Law and Regulations (42 USC 1935f, 42 CFR 424.36, 10 USC 1071 through 1086, 32 CFR 199) and any other applicable contract regulations, is on file.
6. The provider of care submitter acknowledges that the bill is in conformance with the Civil Rights Act of 1964 as amended. Records adequately describing services will be maintained and necessary information will be furnished to such governmental agencies as required by applicable law.
7. For Medicare Purposes: If the patient has indicated that other health insurance or a state medical assistance agency will pay part of his/her medical expenses and he/she wants information about his/her claim released to them upon request, necessary authorization is on file. The patient's signature on the provider's request to bill Medicare medical and non-medical information, including employment status, and whether the person has employer group health insurance which is responsible to pay for the services for which this Medicare claim is made.
8. For Medicaid purposes: The submitter understands that because payment and satisfaction of this claim will be from Federal and State funds, any false statements, documents, or concealment of a material fact are subject to prosecution under applicable Federal or State Laws.
9. For TRICARE Purposes:
   (a) The information on the face of this claim is true, accurate and complete to the best of the submitter's knowledge and belief, and services were medically necessary and appropriate for the health of the patient;
   (b) The patient has represented that by a reported residential address outside a military medical treatment facility catchment area he or she does not live within the catchment area of a U.S. military medical treatment facility, or if the patient resides within a catchment area of such a facility, a copy of Non-Availability Statement (DD Form 1251) is on file, or the physician has certified to a medical emergency in any instance where a copy of a Non-Availability Statement is not on file;
   (c) The patient or the patient's parent or guardian has responded directly to the provider's request to identify all health insurance coverage, and that all such coverage is identified on the face of the claim except that coverage which is exclusively supplemental payments to TRICARE-determined benefits;
   (d) The amount billed to TRICARE has been billed after all such coverage have been billed and paid excluding Medicaid, and the amount billed to TRICARE is that remaining claimed against TRICARE benefits;
   (e) The beneficiary's cost share has not been waived by consent or failure to exercise generally accepted billing and collection efforts; and,
   (f) Any hospital-based physician under contract, the cost of whose services are allocated in the charges included in this bill, is not an employee or member of the Uniformed Services. For purposes of this certification, an employee of the Uniformed Services is an employee, appointed in civil service (refer to 5 USC 2105), including part-time or intermittent employees, but excluding contract surgeons or other personal service contracts. Similarly, member of the Uniformed Services does not apply to reserve members of the Uniformed Services not on active duty.
   (g) Based on 42 United States Code 1395cc(a)(1)(j) all providers participating in Medicare must also participate in TRICARE for inpatient hospital services provided pursuant to admissions to hospitals occurring on or after January 1, 1987; and
   (h) If TRICARE benefits are to be paid in a participating status, the submitter of this claim agrees to submit this claim to the appropriate TRICARE claims processor. The provider of care submitter also agrees to accept the TRICARE determined reasonable charge as the total charge for the medical services or supplies listed on the claim form. The provider of care will accept the TRICARE-determined reasonable charge even if it is less than the billed amount, and also agrees to accept the amount paid by TRICARE combined with the cost-share amount and deductible amount, if any, paid by or on behalf of the patient as full payment for the listed medical services or supplies. The provider of care submitter will not attempt to collect from the patient (or his or her parent or guardian) amounts over the TRICARE determined reasonable charge. TRICARE will make any benefits payable directly to the provider of care, if the provider of care is a participating provider.

Medical Report

Patient Information:

- Member Id: P1122
- Name: Sophia Williams
- Address: 987 Maple St, San Francisco, CA, 94105

Date of Report: 12-02-2025

Referring Physician:

- Physician ID: PHY002
- Referring Physician: Dr. Jane Smith

Clinical Summary:

A tumor located in the right upper lobe of the lung has been evaluated with the following key findings:

- **Material:** Right upper lobe of the lung
- **Dimensions:** The tumor measures 2.5 cm x 2.5 cm x 1.5 cm, while the entire right upper lobe measures 15.0 cm x 9.0 cm x 6.0 cm.

Diagnosis:

- **Histopathological Diagnosis:** Adenocarcinoma, mixed subtype, partially comprising acinar, papillary, solid, and bronchioloalveolar carcinoma (BAC) patterns.
- **Invasion:** Infiltration of the visceral pleura.
- **TNM Staging:**
  - **pT2:** The tumor is classified as T2, indicating it is between 3 cm and 7 cm in size, with no involvement of the chest wall or mediastinal structures.
  - **pN2 (8/28):** Eight out of 28 regional lymph nodes tested show metastasis.
  - **pMx:** Distant metastasis cannot be assessed at this time.
- **Grading:** G3 (Grade 3) – the tumor is poorly differentiated, indicating a higher likelihood of aggressive behavior and a less favorable prognosis.

Supplementary Examinations:

- **EGFR Mutation Analysis (Sanger sequencing, Exons 18-21):**
  - **EGFR Mutation:** Positive for p.E746_A750del (c.2235_49del) mutation. This mutation is a common deletion within the EGFR gene, specifically affecting exons 18 to 21, and is known to be associated with an increased response to EGFR-targeted therapies (e.g., tyrosine kinase inhibitors).

Conclusion:

The patient is diagnosed with Adenocarcinoma of the right upper lung lobe, with a mixed histologic subtype that includes acinar, papillary, solid, and bronchioloalveolar carcinoma (BAC) patterns. The tumor has invaded the visceral pleura, and the staging indicates it is classified as pT2 with regional lymph node involvement (pN2, 8/28 nodes positive). The tumor is poorly differentiated (G3), suggesting a more aggressive malignancy.

Additionally, the tumor is EGFR mutation-positive for the p.E746_A750del mutation, which may provide therapeutic options for targeted therapy with EGFR inhibitors. Further clinical management should consider EGFR-targeted therapy, in conjunction with traditional treatment strategies such as surgery, chemotherapy, and/or radiation therapy based on the overall clinical picture.

Recommendations:

- **Staging workup:** Additional imaging studies (e.g., CT, PET) are recommended to evaluate the extent of disease and assess for potential distant metastasis.
- **EGFR-targeted therapy:** Given the EGFR mutation (p.E746_A750del), the patient may be a candidate for treatment with EGFR inhibitors (e.g., osimertinib, erlotinib, gefitinib).
- **Treatment planning:** A multidisciplinary team should be involved in formulating a treatment plan, considering surgery, chemotherapy, radiation therapy, and targeted therapy based on the patient's overall condition and tumor staging.
- **Follow-up:** Regular follow-up imaging and clinical assessments to monitor for disease progression, recurrence, or metastasis.
